EXCURSION TO AUVERS-SUR-OISE

There are only a few places more touching than this haven of peace, just 35 minutes outside of Paris. Most famous for being the resting place of Vincent van Gogh and his brother Theo, the small village idyll was home to many painters in the 1800s. Relive with your guide the final moments of the life of the artist by following the pictorial and mortuary trail of van Gogh. Be moved by his tragic fate as you climb the path leading to his grave. Discover the town hall, the church and the nearby field, his last masterpiece. End your visit with the Auberge Ravoux and Vincent's bedroom. On May 20th, 1890 Vincent van Gogh moved into the Ravoux Inn for 3,50 francs per day. There he stayed in a very simple and small room only lit by a sky light. This journey back in time ends in the neighboring attic room with an audiovisual projection "In the Footsteps of Van Gogh". It retraces the artist's stay in Auvers-sur-Oise via his paintings and a selection of contemporary photographs. The video has been designed by Dominique-Charles Janssens, President of the Van Gogh Institute and allows visitors to discover Auvers-sur-Oise through the eyes and the talent of Van Gogh.

WALKING TOUR OF ROUEN

The historical capital of Normandy and a prosperous medieval city, Rouen is known for its many monuments and architectural treasures. The historic city center is a

"must-see". Don't miss its fascinating heritage with Gothic churches and mansions, restored, half-timbered houses and well-maintained public gardens. We will start the morning with a walking tour, including an inside visit to the magnificent cathedral that inspired Claude Monet, and the modern Church of Joan of Arc with its magnificent 16th-century stained-glass windows. Our local expert will explain the historical legacy of this city, made famous by such figures as the Vikings, the Dukes of Normandy, Joan of Arc, the writers Corneille and Flaubert and the artists Géricault and Monet. The walking tour will also cover the "Gros Horloge", the astronomical clock, pride of the Rouennais, and the Parliament of Normandy, one of France's rare civil constructions in Gothic style in the late Middle Ages. The Church of Saint-Maclou, a striking, flamboyant church dedicated to a Breton saint and known as Malo, is considered one of the best examples of Gothic architecture in Rouen. Following this exploration, we encourage you to spend your free time at the "Place du Vieux Marché", the site where Joan of Arc was tragically burnt at the stake.

EXCURSION ALONG THE "ABBEY TRAIL"

The romantic meanderings of the Seine River are lined with architectural gems: churches, castles and abbeys. More than 100 abbeys once covered this region. Follow our local expert to St. Wandrille, still a living, working

community and Jumièges – described by Victor Hugo as one of the most beautiful ruins in France. They both belong to a prestigious group of Merovingian abbeys in Normandy that later became ducal monasteries. A short drive in our tour coach will take you to the village of St. Wandrille. The abbey is often referred to as St. Wandrille and is located on the north bank of the Seine. Founded in 649 by St. Wandrille, former minister to King Dagobert 1st, the St. Wandrille Abbey can take credit for having trained a number of bishops and saints of the church, based on St. Benedict's teachings. The entire area is not open to visitors. However, the ancient ruins of the abbey church are open. The monks purchased a Tithe Barn and moved it to the abbey grounds for their church where, except during services, it is open to the public. You can also discover a small, charming chapel near the monks' cemetery. During this stop, your guide will evoke the former greatness of the abbey church and explain the very interesting classical and medieval architecture which can be found within the walls of the abbey. The tour will continue to Jumièges, where the first sight of the remains of the immense abbey church in its verdant setting is unforgettable. It's one of the most ancient and important monasteries in the western world. The abbey was founded in 654 by Saint Philibert, a courtier at the court of King Dagobert 1st. Destroyed in 841 by the Vikings and again during the Hundred Years War, it was used as a source of dressed stone after the French Revolution. Despite its many 'wounds', the great silhouette seems engraved forever on the landscape. The vestiges of the cloisters and the conventual buildings are dominated by impressive twin towers (150 ft. high), which enclose the Romanesque facade. After the visit, you will have some free time at the gift shop or time to relax and listen to the sound of rooks croaking and the wind rustling gently through the trees before heading back to the ship.

EXCURSION TO CHÂTEAU GAILLARD AND GIVERNY

Step into the past with a short drive to the white stone remains of the English king’s stronghold: Château Gaillard. It was built at the end of the 12th century on a limestone promontory, overlooking the Seine. You’ll be rewarded with stunning views of the river and surrounding countryside. Completed in one year, Richard Lionheart exclaimed: “How beautiful she is, my one-year-old daughter. What a gaillard (well-fortified) castle.” Behind these walls, Blanche and Marguerite, the adulterous daughters-in-law of Philippe le Bel, king of France, atoned for their sins. Continue to Giverny, a village nestled in the heart of the Vexin, and a source of inspiration for one of the foremost Impressionist painters. When Claude Monet glanced out of the window of his train and caught sight of the village of Giverny, he decided then and there that this was where he wanted to live and work. And so he did, from 1883 until his death in 1926. The beautiful surroundings, vividly colored flora and gentle atmosphere of the place became one of the biggest sources of inspiration for his work. Enter the intimate world of this great epicurean. Your guide will share stories of the affection Clemenceau had for his friend, the exchanges and verbal jousts with contemporaries Berthe Morisot, Marie Cassatt and Paul Cézanne. Tour the blue living room, the studio living room, the dining room and kitchen – rooms which reflect the personality of Monet.

GUIDED WALKING TOUR OF THE MONTMARTRE DISTRICT

The hill “la butte Montmartre” is located in the 18th arrondissement and boasts a magnificent, panoramic view of Paris. With its narrow, winding streets peppered with steep stairways and charming lampposts and its cobbled squares filled with watercolor painters and sketch artists, Montmartre is the picture-postcard idea of Paris. Montmartre also includes the hillside vineyard on the Rue des Saules, the festive Moulin de la Galette, where Renoir came to paint in the open air, and the Bateau Lavoir studio. Stroll through the sinuous streets of the tallest hill of the capital with your guide, just like artists such as Picasso, Renoir, Toulouse-Lautrec and Utrillo have done since the end of the 19th century.
